

eClipseWriter

It Is Simply A Better Way To Read and Write!

People who produce or use alternative text to read books, magazines and instructional materials will enjoy experiencing eClipseWare™ in action. Students and Professionals appreciate reading materials created with eClipseWriter™ and accessed with eClipseReader™ as it enables a multi-sensory approach to reading and writing with the ability to navigate and annotate accessible DAISY media. Carried into the workplace, these tools become life-tools for dealing with the flood of documents presented to every individual.

eClipseWriter Professional Bundle includes 5 pieces of software providing unmatched value.

1. **eClipseWriter Pro** integrated with the latest Abbyy FineReader® Scan and Read Engine and a new PDF reader and DAISY book Converter.
2. **eClipseReader-EyeNet** industry leading Daisy book and text document reader.
3. **eClipseWater**- Download Manager and Daisy Book Zipper.
4. **NeoSpeech Kate** SAPI 5 English Text-to-Speech Engine.
5. **NeoSpeech Paul** SAPI 5 English Text-to-Speech Engine.

eClipseWriter's Unique Benefits

eClipseWriter includes three user configurable interface options designed for use by the Blind, Low Vision and individuals with learning differences.

1. **Read Only Mode** is tailored for high quality Scanning and Reading applications. All functions are controlled from the PC Keyboard Number PAD allowing novice or non-computer users to operate eClipseWriter as a simple scan and read machine.
2. **Word Processor Mode** includes all scan and read features plus a powerful reading and writing tool compatible with a wide range of document formats including: MS Word, Word DocX, HTML, XML, RTF, Dtbook, Text, and PDF. eClipseWriter's automated **Save As Daisy** document conversion wizard provides simple and fast daisy book production for personal use.
3. **Advanced Book Producer Mode** enables features designed for the professional Daisy Book producer. Output formats include: DAISY 2.02, DAISY 3, DAISY 2005, NIMAS DTBook. Book type options include text only and full text and synchronized audio. Audio formats include MP3, WMA, WAV, OGG and ASF. eClipseWriter automatically generates audio playlists in the daisy book production process.

eClipseWriter Pro Compatible Hardware Players Include

- **The Plectalk® Pocket**
- **Victor Stream by Humanware**
- **Book Sense by GWmicro / HIMS**
- **The IPod, consumer MP3 Players, Daisy CD Players and much more.**

System Requirements:

- Operating Systems: Windows XP, XP PRO, Vista and OS7 32 and 64 Bit
- 10 Gig or more free drive space for Daisy book Production recommended
- Sound Card, CDRW or DVDRW, 512 Meg system memory minimum
